Name:

Saradar Murad Waheed

Roll-No:

2024-CET-18

Department:

Software Engineering

Group:

CET

Semester:

4th Semester

Subject:

Computer Network

Lab Task:

Network Cabling

Task 3

Implement Network Topology Using Proper Cabling

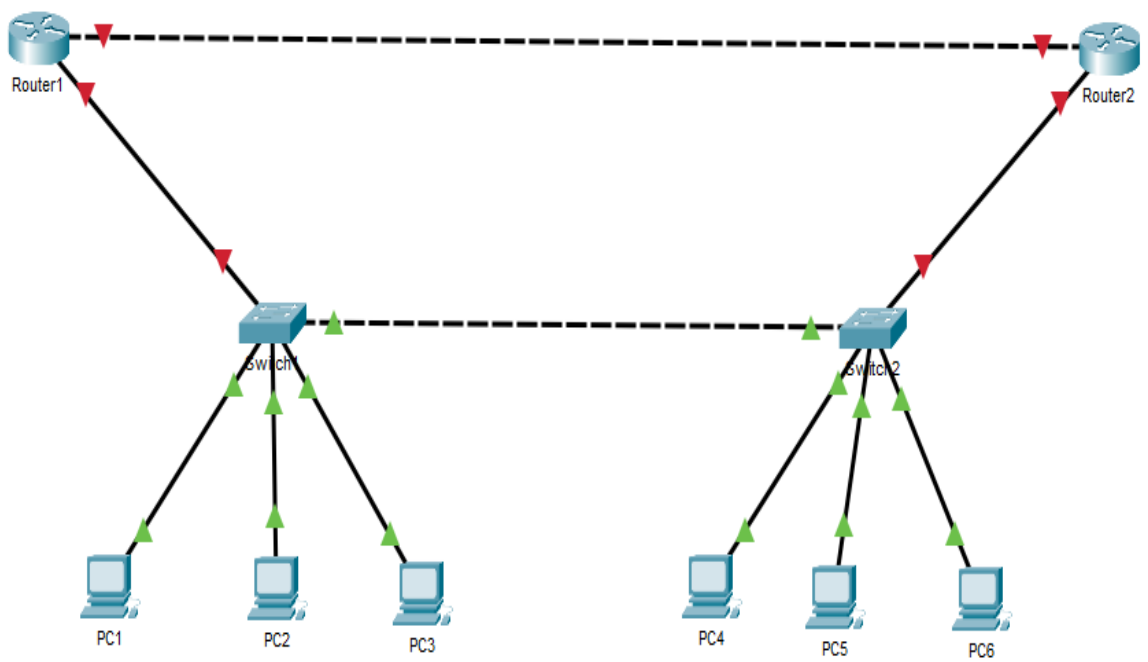
Use network devices such as PCs, switches and routers.

Connect devices using appropriate cables.

Use straight-through cables where required.

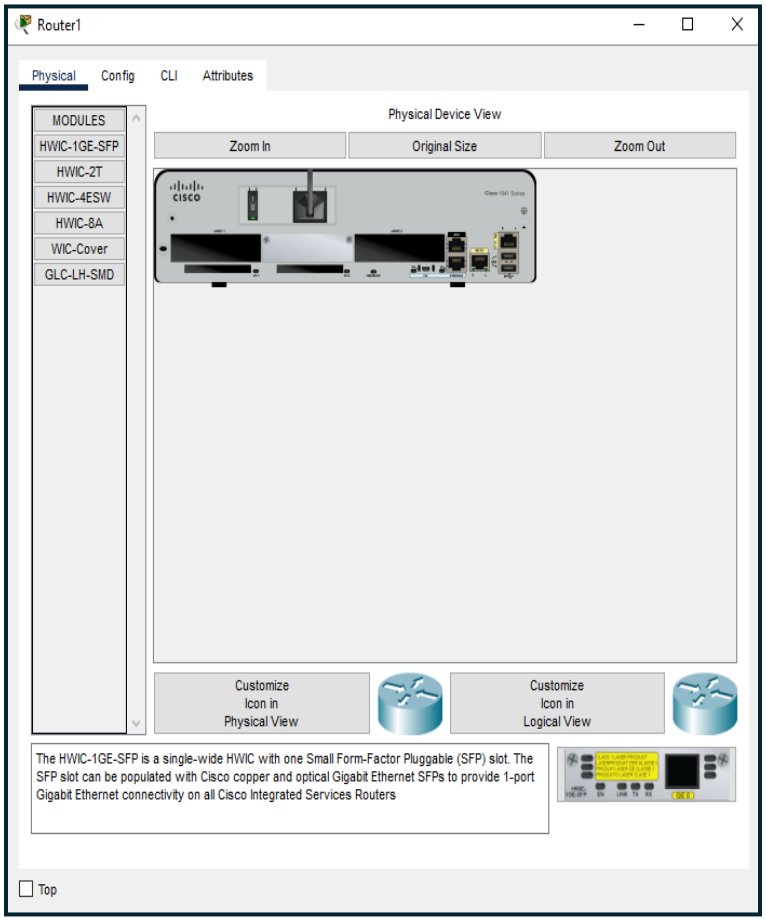
Use crossover cables where appropriate.

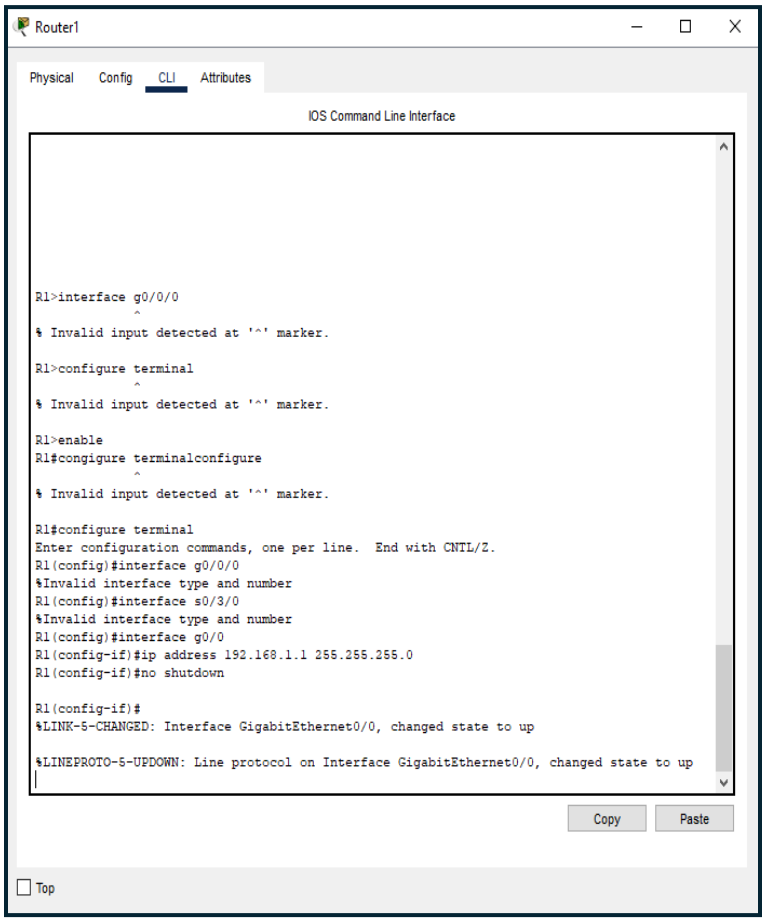
Use fiber cables if required for WAN connections.

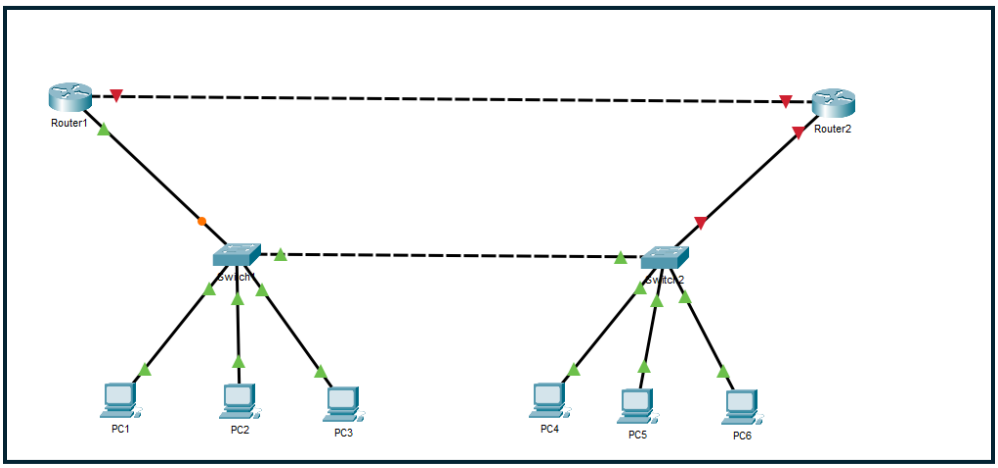


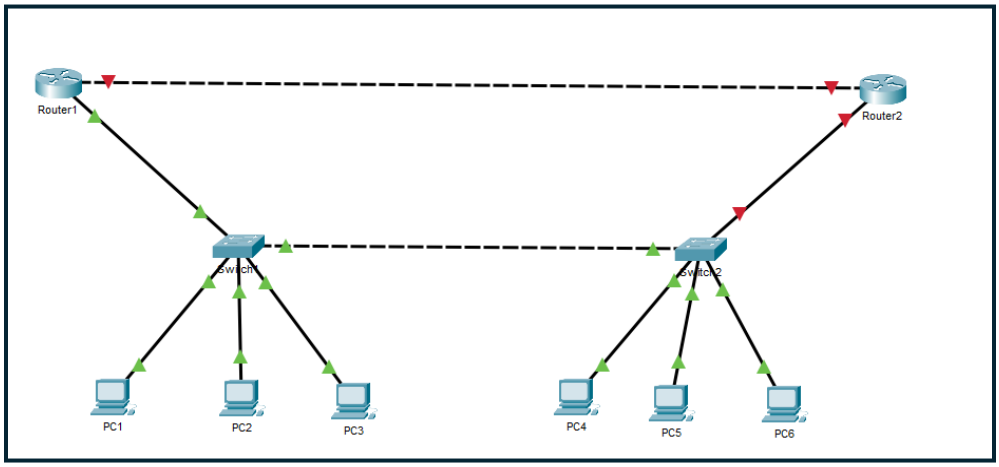
Both networks connection with Routers.

Router 1 configuration setting.

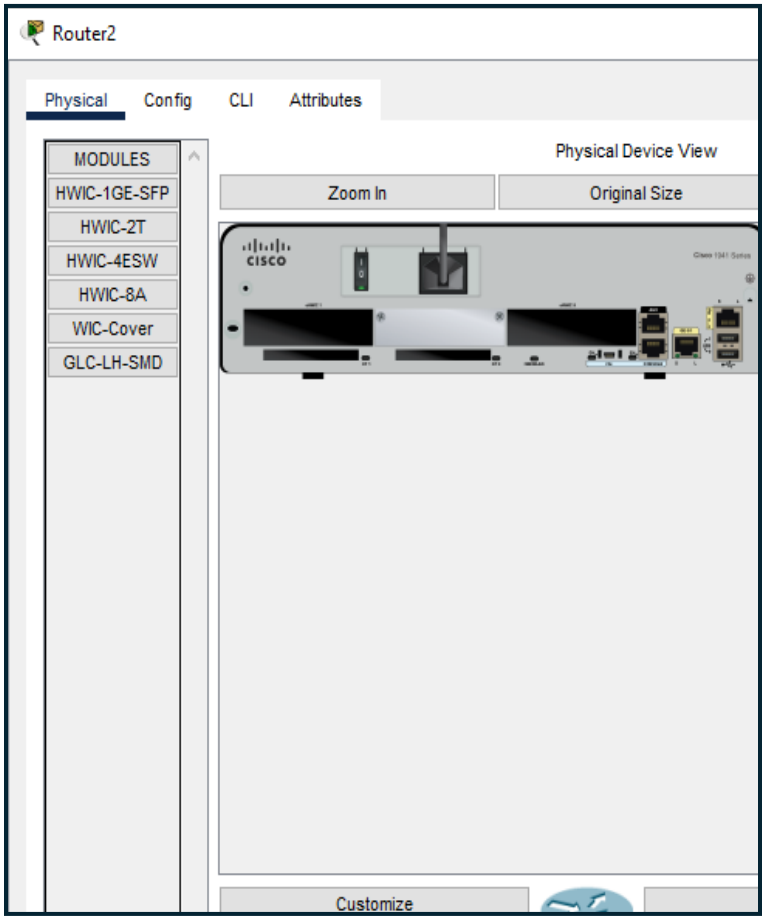


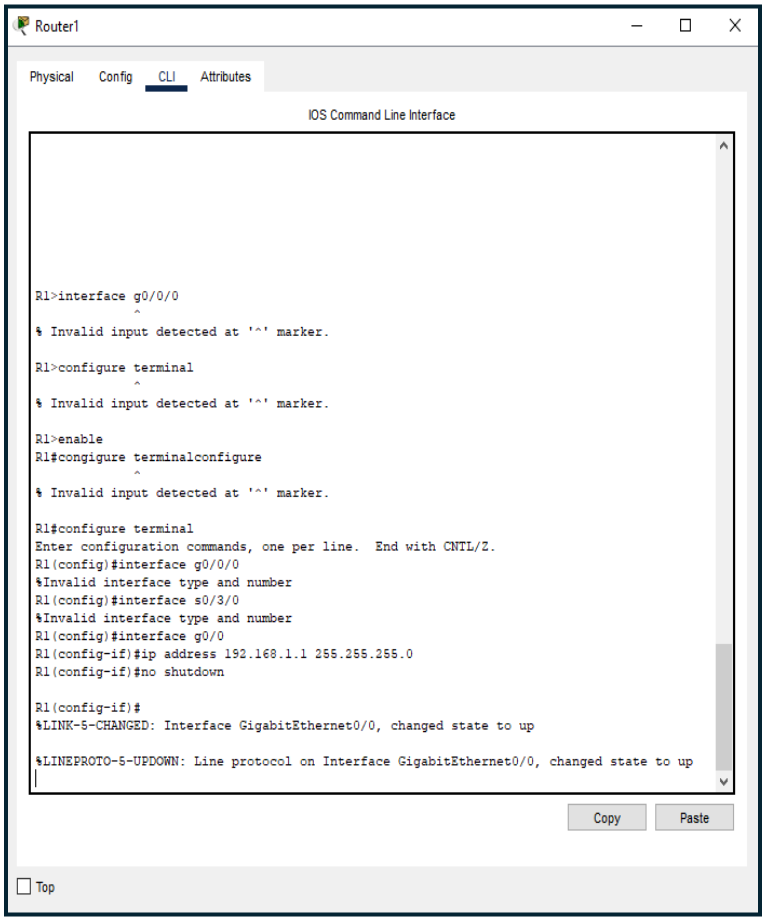


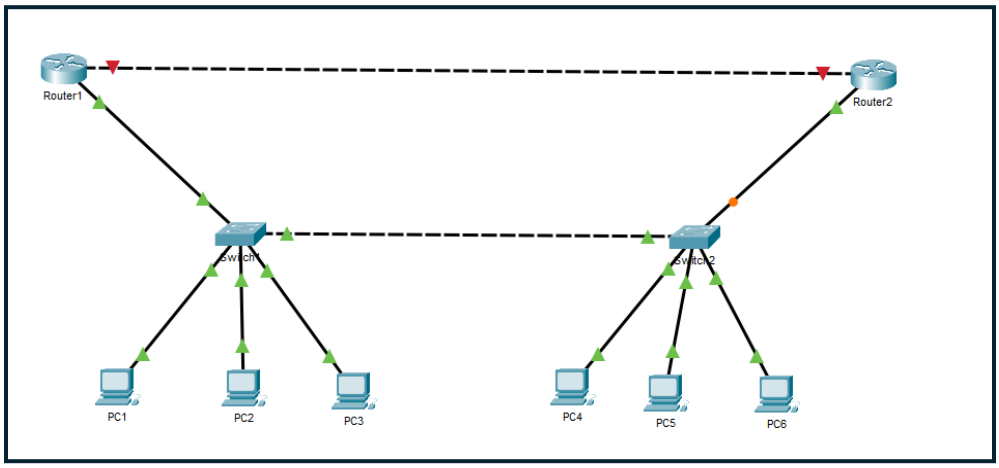


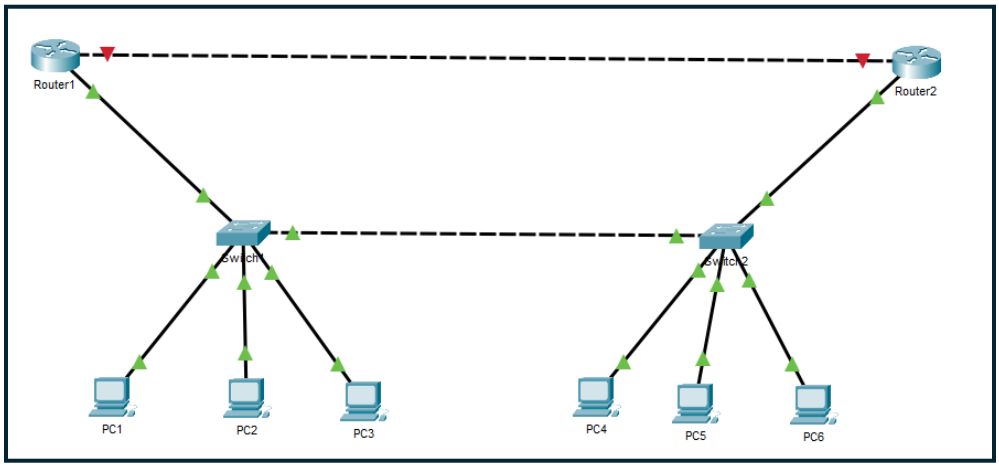


Router 2 configuration setting.

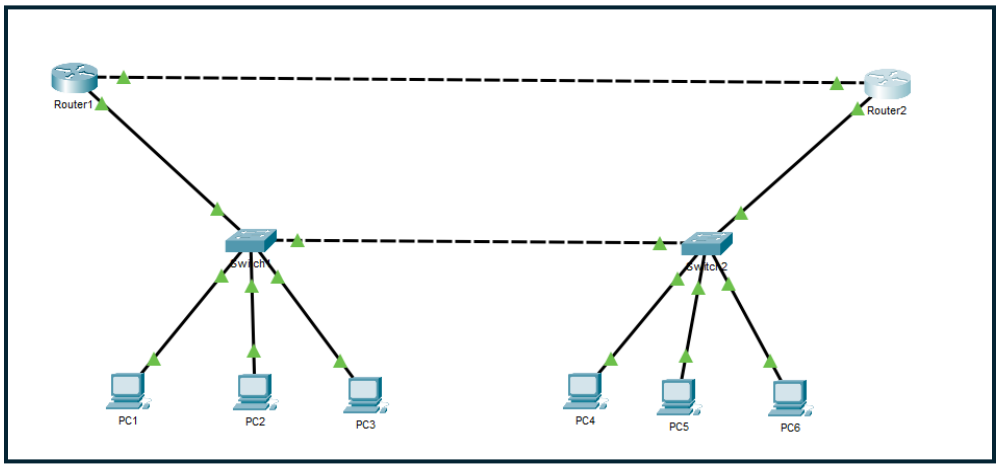








After router-to-router configuration setup all devices are successfully connected to each other.



Now give ip address to all PC's of both network's
